## RE: Appeal for Corporate/Private Sponsorship – Academic Achievers Tour 2025

To Whom It May Concern

During the October 2025 school holiday, an exclusive group of Top Academic Achievers from around South Africa will be embarking on a specialised academic tour to the **East Coast of America**.

This tour will see the group travelling to **Boston, New York & Washington** over a period of **11 days**, visiting world-leading universities.

The tour is orientated to expose our academic achievers to top class tertiary institutions where they will have the privilege of attending private lectures. Universities included for this tour: **MIT, Harvard, Yale University, Columbia and Princeton**. Lectures cover an array of globally significant topics; mixed in with visits to world renowned sites and museums!

**Travel and Sport is a recognised tour operator, sending students to exciting destinations all over the world since 1995.** Over the years that we have been running this programme we have found that it serves as a strong incentive for students to either maintain their academic prestige or to strive to improve their marks. Parents and students are quick to recognise the invaluable experience these tours offer, both on an educational level as well as the sheer life experience that may not come around again.

*"On behalf of AFFIES girls and staff, thank you for this unbelievable experience! Thank you for the wonderful tour arrangements which ran so smoothly."*

Teacher, Afrikaanse Hoër Meisieskool

*"...The universities are world-renowned and are of the best. We wanted to expose Louis to that level of education...it is important that we still show Louis what the highest standards are. If he is able to study there one day or not is irrelevant, however he must know how the best in the world operate."*

*"...The other learners on this tour are on a similar academic standard to Louis, and we wanted to expose him to these learners."*

*"...We had huge expectations and we are pleased that the tour met them all. Louis was in awe of the universities and the campus life in the USA. He also made wonderful friends, some of which I think he may stay in touch with for life. The whole experience has helped him in developing his ambitions and future..."*

Parent of touring child, USA Tour

*"The tour truly opened my eyes and created new goals and ambitions for me. I met the most amazing people and had the best time. I loved all the activities we did. I would do it again a thousand times. Thank you once again for this amazing opportunity."*
